<b>1. Welcomes</b>	Welcome and apologies.	
<b>2. Pitch Legacy</b>	<p>DMcE reported on mixed news re the Pitch. The report details no spare budget however upon scrutiny he believes higher costs have been allocated and there may be monies available to re-allocate to the pitch funding.</p> <p>The feasibility study will not cost as much due to a current study being carried out on another pitch, we can use this as a starting point.</p> <p>Once the tender is agreed he will be in a better position to advise. This should be between now and the end of term however DMcE will obtain this information and forward to the group.</p> <p>Once we are in a better position with this funding we can then look at other organisation which may be able to contribute such as Lottery and Sports Scotland. Glasgow Life are also in the frame to support us further and DMcE will liaise with his contact (Kevin Giddings).</p> <p>In the meantime the group should consider which other groups/clubs will utilise the pitch facilities outwith school hours which will make our case stronger.</p>

The minimum amount is £8000.</p> <p>Area Budget Committee awarded PC £4000 towards the Costa Rica trip. MM will arrange transfer of monies once the figure has been credited to PC bank account.</p> <p>PC awarded £400 towards school Paris trip</p> <p>Agreed the PC need to up the game re fundraising and this will be a strong focus on the group next term</p>
