

# St Roch's Eco- Committee

To: All Staff

From: St Roch's Eco-Committee

Subject: Recycling in St-Roch's

You will shortly be supplied with a box that we hope you will use for recycling. We have included a leaflet which tells you the sort of things that can be recycled - e.g. paper, plastic bottles etc.

The school now has four recycling bins in the top car park, which will be emptied once a month. Pupils from our Eco-Committee will come and collect your recycling waste once per week. We will issue you with a rota stating dates, pupils etc next week.

We are also hoping to sort out some recycling of toner/ink cartridges for charity as well as old mobile phones (the proceeds of which we will put towards buying some proper recycling bins for around the school).

Ms Dunkley from the Fuel Zone has kindly allowed us to have two blue bins in the Fuel Zone which will be dedicated to plastic bottles and cans. The pupils will label this bin appropriately and will empty it on a rota basis.

There is a meeting this Tuesday 30 September at 1.10 pm in ICT 4 if anyone is interested in becoming involved with our recycling/eco ventures.

Many Thanks
